### MobileShop.org

#### A new design!

Welcome to the new-look Mobileshop.org web site.

We have revised how this site works, and returning visitors should find the site faster to load.

#### New look, and new content too

The content has been updated, but of course in a fast-moving world like mobile phones, that's an ongoing process!

The intention remains the same: to give you the clearest, most informative and understandable information about mobile phones. We intend keeping this site up to date, and to cover new topics as they become relevant.

#### Tell us what you think!

We hope that the new menu system will help you find information of interest quickly and easily. If you have any problems or feel that some information is missing, please let us know!

Please use the Guestbook or the comment page to let us know what you think of the site.

#### We get it wrong sometimes!

This is a subject area that is ever-changing, and it is inevitable that some information will rapidly go out of date, or be just plain incorrect. Please accept our apologies (but no admission of liability) for any errors or omissions.
